SDR	CID	Dept	COMMENTARY
1511	SH-629		Concerns about replacing one set of ideas with another. Also concerns re an idealistic view that maybe doesn't take account of real problems. I've seen what happens when absolute freedom is given to children not all children will "conform" in the expected way what happens when children with home issues are given freedom to do as they wish? Fully agree with learning through relationship but really mindful that it's an exchange that isn't always going to be repaid
1511	HK-985		Education boils down to WHAT   WHY   WHERE   WHO   HOW
