Great News for Dolphins Hall

1445 GA

Project 1 is underway and fundraising is kicking off for Project 2.

1 Things are happening at the Dolphins Hall!
Despite a shortage of materials, the long-awaited construction process has begun. With the concrete pads now in place - on which the Community Youth and Sports building will stand - the next phase is the steel frame for the building, which is expected to arrive any day.

2 It is hoped that the steel frame will be in place by the end of November, at which point additional groundworks for the essential services will start.

3 With Project 1 – the Youth and Sports building - now underway, fundraising is kicking off for Project 2 - the new Community Hall.
Fundraising for Project 2 is anticipated to be a mixture of grants and community fundraising.

The Dolphins Hall trustees have identified, understandably, a lot of local support for local fundraising, given how much a new and better hall will benefit our town.

4 To help get the fundraising started, the Dolphins Hall trustees are having a Fundraising Kick-Off meeting on **wed17nov at 7.30pm** at the Hall.

Anyone who would like to find out more about the project, raise funds for it, hear the trustees' fundraising ideas, or contribute their own fundraising ideas, is invited to attend.

5 I look forward to hearing about people's fundraising ideas.
In particular, I am looking forward to hearing the ideas of our town's young people.
